AAON COMMUNITY PARTNERS Day

December 2017

AAON Tulsa hosted Community Partners Day to raise money and awareness about the organizations that AAON supports in our community. This two-day event introduced to AAON employees the various charitable organizations that AAON donates time and money towards. It was an opportunity for AAON employees to learn about these partners and ways that they could help.

The Community Partners Day was held on December 5th with a Cook-Out Fundraiser, where Chili Dogs were sold to raise money. For the second day of the event on December 7th, AAON held a Chili Cook-Off Fundraiser. Employees who attended the fundraiser purchased bowls of chili to sample and vote on. All Chili Cook-Off contestants were AAON employees from various departments. During both days' events, our local Community Partners had booths set-up for AAON employees to visit.

All proceeds from the event went to Junior Achievement of Oklahoma, the Tulsa Area United Way, and the Salvation Army. The event raised a total over \$1000!!
