Prism 2 Installation Instructions

- 1. After downloading the installer from the website, 4. A final prompt will appear confirming the options locate and launch the Prism 2 installer. The installer defaults to C:\PrismII. Future versions will default to the new installed directory.
- NOTE: Installing Prism 2 into a new location will not migrate any existing files.

- 2. If there is already a copy of Prism 2 installed a prompt will be displayed asking to overwrite the current files. Selecting yes will overwrite the following files:
 - PrismII.exe
 - MailSent.exe
 - unins000.exe
 - unins000.dat

Folder Ex	ists	\times
?	The folder: C:\Prismll already exists. Would you like to install to that folder anyway?	
	Yes No	

3. Before the installation, a prompt will ask to create a desktop shortcut. This will not have any impact on the functionality of the program and is purely user preference.

Setup - Prism2 version 5.12.0	-		×
Select Additional Tasks Which additional tasks should be performed?		(00
Select the additional tasks you would like Setup to perform while installing Prism2, then o	lick Next.
